

TESTED. PROVEN. TRUSTED.

AZTEK PROSERIES® SYSTEM

Rigging Solutions in a Bag

CLASSIFIED
UL UL Classified to NFPA 1983,
General Use

100s OF USES

- Quickly adjust a litter attendant or litter position
- Easily pass knots
- Effortlessly transfer loads
- Back-tie or redirect anchors
- Promptly establish dynamic fixed brakes
- Establish travel restriction
- Correct disoriented equipment under load

The CMC Rescue AZTEK ProSeries System leaves no detail ignored. Capable of more than 100 rigging solutions, it reflects the philosophy of keeping rigging equipment simple, efficient, non-specialized, light and small. Each component — from the cord to the pack — was thoroughly tested and proven to work efficiently in this multifunctional system that comes pre-rigged for immediate deployment to the field. The CMC Rescue AZTEK ProSeries System is the only AZTEK system UL Classified to NFPA 1983 (2012 ED.) General Use, Manufactured System.

Whether used as a quick 4:1 or 5:1 M/A for a multitude of rigging applications, or for personal edge protection, this extremely versatile system gives rescuers endless rigging solutions. The AZTEK ProSeries System comes fully assembled in the AZTEK ProSeries Pack.
