EXOFIT NEX™ FULL BODY HARNESSSES

EXOFIT NEX™ Full Body Harness Range

ExoFit NEX™ full body harnesses provide comfort, function and durability that have never been experienced with a fall protection harness . . . until now! With first-of-its-kind features and benefits, the ExoFit NEX provides the highest level of safety and the utmost comfort with technologically advanced hardware, soft yet extremely durable anti-absorbent webbing, strategically placed padding, and protective elements that prolong the service life of the harness.

Feature & Benefits

- Large front and rear fall arrest rated stand-up Tech-Lite™ aluminium D-rings for fast, easy and safe connections to fall protection system.
- Large side D-rings for work positioning or pole strap use.
- Tech-Lite™ aluminium D-rings are extremely lightweight for added security and comfort.
- Duo-Lok™ quick-connect buckles with memory-fit web-lock on legs and chest for fast non-slipping connections ensuring an exact fit every time.
- Revolver™ vertical torso adjuster buckles make non-slip adjustment of upper shoulder straps fast and easy, eliminating loose ends and locking into place to prevent slippage.
- Fully adjustable, waist, shoulder and leg straps, for a perfect fit every time.
- Reflective material integrated onto chest, shoulders and back for greater visibility in dark and dangerous environments.
- Waist belt with wide padded lower back/hip pad for added support and comfort.
- Removable tongue buckle waist belt and pad assembly to eliminate weight when not required.
- Removable and replaceable dorsal webbing protector and lumbar protector prevents common wear and tear associated with ascending and descending wind turbines.
- 2 tool D-rings accommodate and provide easy access to essential tools and equipment.
- Optional specialist high performance suspension seat also available.
- REPEL™ Technology Webbing construction, repels liquids, naturally self-cleaning and enhances durability.
- Reflective material integrated onto legs, chest, shoulders and back for greater visibility in dark and dangerous environments.
- Rip stitch impact Indicator, allows the user to quickly and easily inspect the harness for impact loading.
- Integrated suspension trauma straps provide relief in a fall.
- Non-slip hybrid comfort padding on shoulders, back, leg and hip provide a durable lightweight moisture wicking and breathable padding that won't move or slip,

EXOFIT NEX™ Wind Energy Harness

Small	603S4044
Medium	603M4044
Large	603L4044
Extra Large	603XL4044

603M4044 (M indicates medium size harness) - available in S, M, L & XL.

incorporating ultra soft edging that doesn't rub or chafe, keeping the wearer comfortable at all times.

- Moulded lanyard keepers easily accept larger hooks and break away to avoid a trip hazard.
- Easy grip end tabs and keepers for fast efficient and secure web adjustment.
- Fully adjustable, waist, shoulder and leg straps, for a perfect fit every time.
- Clearly labelled /identifiable attachment points.
- Labels conveniently located in a single location and safeguarded by a unique cover protecting vital information - donning instructions, harness data, inspection log, product certification and i-Safe™ tag.
