BUNGEE TETHER DUAL-ACTION

TOOL TETHER

CODE : H10100

ANSI/ISEA 121-2018 COMPLIANT

Lightweight and built to last, the Bungee Tether Dual-Action is as reliable as it is functional.

The Bungee Tether Dual-Action features a dual-lock carabiner and elasticised webbing made from heavy-duty polyester. The elastic properties of this durable material absorb downward force from a dropped tool, stabilising the user while protecting against bounce-back.

An extension range of 40cm/15.75" means the Bungee Tether Dual-Action is as compact as possible until required for use.
